Dear Dr. Lederberg,

Professor Haldane thanks you for your letter of October 12. He is sorry that it has been so long unanswered, but he has been trying to arrange to be in America in the New Year.

It is now reasonably certain that he will be at the A.A.A.S. meetings at Boston from Dec 26th, and at the Conference at Princeton from Jan 3rd. He hopes to see you then, otherwise will try to answer your letter in detail later.

Yours sincerely,

A. C. Elizabeth Suley
